POSITION OF RESPONSIBILITY

Google Developer Student Clubs, VBSPU— *Management Lead*

SEP 2022 – APR 2023

I managed the **GDSC** at my university, overseeing projects and events, and driving growth through effective teamwork and strategic planning.

EXPERIENCE

ELVDRIVE — *Web Developer*

MAY 2023 – JULY 2023

At ELVDRIVE, my web development internship focused on HTML, CSS, React JS, and JavaScript. I gained practical experience through real-world projects, improving my front-end skills and problem-solving abilities.

PROJECTS

ReKha — *an expense storage web app*

The project **ReKha** is a web-app built using **NextJS**, **MongoDB**, **Tailwind CSS**, and many other technologies for managing or storing expenses.

Deployed link: <https://rekha-rachit-bharadwaj.vercel.app>

Evote — *Internet based voting system (ongoing)*

Evote is a cutting-edge internet-based voting system that uses **Next.js**, **cryptography**, **blockchain**, and **machine learning** to create a secure and dependable voting platform for the modern era.

Colclub — *an online resource for college students (ongoing)*

ColClub is a dynamic resource platform built on the **MERN** stack that offers students up-to-date notes, notices, and college-related material, promoting communication and academic progress.

CREDENTIALS

Google Cloud Engineer Learning Path— *Cloud Skills Boost Badges*

cloudskillsboost.google/public_profiles/4e9208a1-9062-4536-9f39-f5994a2e1871

SKILLS

MERN stack, **Next JS**, MongoDB, **Tailwind CSS**, C/C++, Python

ACHIEVEMENTS

Hacktoberfest 2022

Successfully completed Hacktoberfest 2022 by contributing to **open source** projects on **GitHub**.

Google Cloud Career Practitioners Campaign(GCCP) 2022

Contributed in the project developed for the **GCCP** campaign and received swags from **Google Cloud**.
